

Welcome to Twin Rivers Adult School!

Twin Rivers Adult School (TRAS) has proudly served the Sacramento area since 1937. It is an honor to continue supporting the vital needs of thousands of adults in our community. We offer a variety of programs that will serve your educational and workforce needs and are committed to providing all students with foundational skills that will link them to greater opportunities. TRAS classes are designed to meet the varied academic, career, and social needs of parents, workers and community members.

As members of the Capital Adult Education Regional Consortium (CAERC), we support the following shared priorities:

- Building and Expanding Adult Education Offerings
- Developing and Aligning Pathways to Careers
- Increasing Student Support Services
- Enhancing Data and Accountability Systems

TRAS is privileged to provide our diverse community with opportunities to achieve their personal, educational and vocational goals by becoming more responsible and productive members of society. As such, our mission is to help students gain knowledge and skills for employment, career advancement, and social responsibility.

Our quality educational programs are offered to all adults at our main campus and various elementary, middle, and high schools throughout the Twin Rivers Unified School District. By serving adults, we are supporting a better family unit that will enable students of all ages, throughout our district, to be successful.

On behalf of the entire Twin Rivers Adult School staff, we look forward to serving your needs and welcome you to our school!
